

NG.11

N Montana Ave Neighborhood Greenway

PROJECT DESCRIPTION

A new north-south neighborhood greenway on N Montana providing an alternative to traveling on Interstate Ave while connecting to many crossings of I-5 to the east.

The N Montana greenway provides direct access to Ockley Green school and Patton Square Park. The greenway would need upgraded crossings of busy streets and a modification of the existing crossing at Rosa Parks.

Project elements may include:

- Wayfinding and signage
- Speed bumps as required to slow down vehicles.
- Improved crossings of busier streets
- Initial analysis suggest that this route already meets PBOT standards for traffic volumes on Neighborhood Greenways; traffic diversion is not likely to be required.

Patton Square Park

Ockley Green school
