

NG.6

N Fiske Ave Neighborhood Greenway

PROJECT DESCRIPTION

A new north/south Neighborhood Greenway connecting University Park, Portsmouth, and the New Columbia areas of North Portland.

This project would provide a direct connection to New Columbia, the largest affordable housing development in the state of Oregon as provide close access to other important community destinations like McCoy Park, Rosa Parks Elementary, and the Boys and Girls Club. The project also would provide a connection to major off-street trails and paths at either end.

New Columbia

Project elements may include:

- Wayfinding and signage
- Speed bumps as required
- Improved crossings of busier streets though existing signal is used at N Lombard St.
- Initial analysis suggest that this route already meets PBOT standards for traffic volumes on Neighborhood Greenways; traffic diversion is not likely to be required.

McCoy Park
