

NG.9

N Villard Ave

Neighborhood Greenway

PROJECT DESCRIPTION

A new neighborhood greenway that fills the gap in the bike network between Delaware and Wabash, providing a connection to destinations at Lombard & Peninsular.

This project will take advantage of an existing median island crossing at Rosa Parks. Bicyclists crossing Lombard will use the existing pedestrian crossing at the signal. This new greenway connects to the recently installed bike lanes on N Lombard St.

Project elements may include:

- Wayfinding and signage
- Speed bumps as required
- Improved crossings of busier streets
- Initial analysis suggest that this route already meets PBOT standards for traffic volumes on Neighborhood Greenways; traffic diversion is not likely to be required.

Willamette bluffs

N Lombard and N Villard
